Sir:

This Petition is in partial responsive to the Notice of Missing Requirement of October 6, 2005, the period for reply to which has been set to expire on December 6, 2005. Other portions of the response are attached. The Petition is filed to correct the Application Number, which was unintentionally incorrectly typed on a Form PTO-1390 submitted with the request to enter the national stage under 35 USC 371. The mistake is apparent from other papers filed with the Form PTO-1390, namely a form PCT/1B/306 and a Preliminary Amendment, both of which correctly identify the application number as PCT/JP2003/008,279. Correction of the Application number respectfully is requested.

The inventors' names also are incorrectly typed on the Form PTO-1390, but the name of the first named inventor (Kawaguchi) is correctly typed on the Substitute Specification, Preliminary Amendment and postcard receipt accompanying said Form PTO-1390, and all names are correctly typed on the Inventor Declaration being submitted herewith. It is also presumed that other papers forwarded to the USPTO by the International Bureau correctly identify the inventors in International application number PCT/JP2003/008,279, whose names are correctly listed in the heading of this Petition. Correction of the inventor names for this application accordingly is requested.

A fee of \$400 is being submitted with this Petition. Should this remittance be accidentally missing, however, or should any additional fees be needed (including extension of time fees, since Applicants hereby provisionally petition for any extensions that may be deemed necessary to avoid abandonment), the Commissioner may charge such fees to our Deposit Account number 18-0002.

Respectfully submitted,
